<p>Hindi is one of the most widely spoken language of South Asian subcontinent and a prominent member of Indo-Aryan family of languages. It happens to be a language that has been considered a window to India and India cultures in many places all over the world. Though Hindi is not a national language of India, it is many a time considered so. Hindi is part of a group of languages known as less commonly taught languages (LCTL, technically it is sometimes called truly less commonly taught languages) of the United States in the recent years of post-9/11 world where it has been identified as language of critical significance by the Department of Education.</p>	<p>Hindi is one of the most widely spoken languages of <u>the</u> South Asian subcontinent, and a prominent member of Indo-Aryan family of languages. <u>Throughout the world,</u> it has been considered a window to India and Indian culture. <u>Although</u> Hindi is not <u>the</u> national language of India, it is <u>often</u> considered so.
